**ASX: MPO**

**December 2019 quarterly activities report**

**Molopo Energy Limited** (“**Molopo**” or the “**Company**”) - quarterly activities report for the three-month period ended 31 December 2019. *(Definitions are found at the end of this report).*

## **Executive Summary**

The Board has advised and updated in previous quarterly reports, the December 2018 Annual Report and June 2019 half year financial report, the continued investigations into the Orient Transactions and the Drawbridge Transactions which were entered into by former Directors of Molopo without seeking shareholder approval. The Current Directors maintain these actions were in breach of Directors duties, the ASX Listing Rules, ASX continuous disclosure obligations and provisions of the Corporations Act. This position has been supported by subsequent findings of the Takeovers Panel.

In brief, the combined Orient Transactions and Drawbridge Transactions involved in aggregate a US\$35 Million investment by Molopo in Orient FRC Limited, a British Virgin Islands entity which, as a wholly-owned subsidiary of Molopo, Orient ultimately acquired a 30% non-voting A class share interest in Drawbridge.

Sopris Energy Investments Ltd., another British Virgin Islands entity and the majority 70% shareholder of Drawbridge, holds 100% of the voting rights in Drawbridge which it appears to have acquired without contributing any cash or other assets to the transaction.

Molopo engaged independent experts to support the litigation proceedings against the Former Directors for breach of directors’ duties by entering into the Orient Transactions and the Drawbridge Transactions. Those reports have been completed and filed in the proceedings and the matter is to be addressed at a mediation between the parties to be held on 18 February 2020 in Melbourne, Australia.

The Current Directors remain firmly of the view that the litigation proceedings against the Former Directors provides the best opportunity for Molopo shareholders to recover any value from the actions undertaken by Former Directors entering into the Orient Transactions and the Drawbridge Transactions.

## **Suspension from trading on ASX**

Molopo's shares have been suspended from trading since 27 July 2017 as a result of failing to satisfy ASX's requirement for a sufficient level of operations.

As previously reported, the Company is not pursuing any new oil and gas activities (outside of those which it indirectly holds via its 30% interest in Drawbridge) at the present time.

Whilst the Current Directors recognise that this is extremely frustrating for shareholders, the Current Directors are committed to recover the maximum amount of value possible for shareholders and believe the best way to do so is through the litigation proceedings against the Former Directors. The Current Directors will address the Company's listing on ASX once the litigation proceedings against the Former Directors are completed. Trading in the Company's shares will remain suspended for the foreseeable future.

The Board is aware of ASX Guidance Note 33 which deals with the removal of a Company from the Official List if its shares have remained suspended for a period of two years. Given the Company's present circumstances, the Board has addressed this issue with ASX, and the ASX have agreed to extend the Company's status on ASX until 1 September 2020. The Board will consider and address the issue further before that date.

## **Drawbridge Operations**

No operations update has been received from Drawbridge for the September or December 2019 quarters. This is in breach of Drawbridge's obligations under the Contribution Agreement and in contravention of a Court Order obtained in US proceedings.

## **Capital, Operating Expenses and Financial Reporting**

Molopo held AU\$10.7 Million in cash reserves at the end of the December 2019 quarter, which excludes any interest in cash remaining in Drawbridge, as this cannot be verified.

Operating expenses during the quarter were AU\$844,000 which mainly comprised of legal fees and independent expert report expenses associated with the legal proceedings undertaken by Molopo against the Former Directors in Australia, and legal fees in respect of proceedings against parties associated with Drawbridge entities in the USA.

## **Legal actions**

**Molopo Energy Canada Limited** - Molopo has not been advised of any material changes to the status of the action brought by the plaintiff which is proceeding.

**Drawbridge** – the Company’s legal action in the USA against the Drawbridge group of companies remains on foot. The Drawbridge parties have filed for Summary Judgment in the proceedings and the matter has been listed for possible hearing in the two-week period commencing 17 February 2020.

**Former Directors** – as stated above the Company continues to vigorously pursue its claims in the Supreme Court of Victoria against the Former Directors of the Company and remains confident that this will result in a successful recovery against the Former Directors.

The Company will continue to provide updates in accordance with its continuous disclosure obligations in relation to the timetable and progress as the litigation proceeds.
